Number: 200601781

Date: 07/19/2006

Projection: Louisiana State Plane, North Zone

The sample locations were plotted based on the observations and records from a site inspection completed by Texaco during the LDEQ sample collection programs (validated event data) and the CRA records during the 2001 sampling event.

The positions were established based on the proximity to features observed both in the field, during the sampling, and evident on aerial photographs.

The estimated horizontal accuracy is plus/minus 10 feet.

Subdivision lot outlines provided by Aero-Data Corporation.
